### **WHAT WE DO**

International Travel is our specialty. Let us handle the details. We do more than just get great rates; we negotiate the finer things to improve your entire travel experience. Innovation in pricing and service are key components of our business.

**Sankofa Travel Concierge Services™** handles multiple travelers with complex travel policies, mixed funding sources, and passport and visa documentation for all citizenships. We help you with air, cars, hotels, and ground services with an attention to detail that provides outstanding value.

We always represent YOU. Your Sankofa Travel concierge is your SINGLE POINT OF CONTACT and remains connected with you throughout your journey. We can manage your reward programs including upgrade requests and award redemption for personal travel. Enroute changes, cancellations and emergencies are handled in real time. Once you've returned, your concierge remains connected to assist with luggage issues, insurance claims and expense reporting.
